

Griffin Middle School's Summer Reading - 2011

Make the most of your summer by escaping the heat with a GREAT BOOK!!

**For all rising 6th, 7th, and 8th Graders
Summer Reading is required of all students enrolled at Griffin Middle School as of
August 15, 2011.**

- Complete one book (150-200 pages) and choose a project to “show what you know” for the first week of school. This will be your first grade for the new year!

Why Read?

Reading informs and reading excites the senses. It transforms us to foreign destinations and offers us new experiences. Reading opens up a whole new world for people of all ages and backgrounds and is an essential skill for success in the 21st century. It is important for students to practice reading over the summer break. Current research states that students who read 4-5 books during the summer will, at least, maintain reading skills and, at most, will boost their reading skills. Therefore, we encourage parents to invite your children to actively participate in the Griffin Middle School Summer Reading Program. It only takes 30 minutes a day to exercise their brains!

Please select books from these excellent authors!!
